

MA+D - Miami Art + Design

3841 NE 2nd Avenue, Suite 400, Miami, United States

Design Miami/ is the global forum for design. Each fair brings together the most influential collectors, gallerists, designers, curators and critics from around the world in celebration of design culture and commerce. Occurring alongside the Art Basel fairs in Miami, USA each December and Basel, Switzerland each June, Design Miami/ has become the premier venue for collecting, exhibiting, discussing and creating collectible design. Design Miami/ is more than a marketplace for design, where the world's top galleries gather to present museum-quality exhibitions of 20th and 21st century furniture, lighting and objets d'art. Each show balances exclusive commercial opportunities with progressive cultural programming, creating exciting collaborations with designers and design institutions, panels and lectures with luminaries from the worlds of design, architecture, art and fashion, and unique commissions from the world's top emerging and established designers and architects. By continuously expanding and enriching its programming, Design Miami/ seeks to not only satisfy the demand for a high-end design fair, but also to broaden awareness of modern and contemporary design, fuel the market
